Finisar Announces Second Quarter Earnings Webcast and Conference Call

SUNNYVALE, Calif.--(BUSINESS WIRE)--Nov. 6, 2000--Finisar Corporation (Nasdaq:FNSR) today announced that it will report second quarter earnings after close of market on November 21, 2000. In conjunction with the release, the Company will host a live audio webcast of the earnings results conference call to be held following the release.

The webcast and conference call will begin at 2:00 p.m. Pacific Time/5:00 p.m. Eastern Time and will last approximately one hour. Jerry Rawls, Finisar Corporation's President and Chief Executive Officer will discuss second quarter operating results. Steve Workman, the Company's Chief Financial Officer will discuss financial results.

Access for the webcast is open to the general public once the quarterly results are announced via the wire services. To access the live webcast, visit the Investors section Overview page of our website at www.finisar.com. A replay of the webcast will be available after the conclusion of the call on the Investors section Audio Archive page.

About Finisar: Finisar Corporation (Nasdaq:FNSR) is a leading provider of fiber optic subsystems and network performance test systems which enable high-speed data communications over Gigabit Ethernet local area networks (LANs), Fibre Channel storage area networks (SANs), metropolitan and wide area data network applications (MANs and WANs) and CATV. The Company is focused on the application of digital fiber optics to provide a broad line of high-performance, reliable, value-added optical subsystems for networking and storage equipment manufacturers. The Company's headquarters are located at 1308 Moffett Park Drive, Sunnyvale, CA 94089 with additional operations in Princeton, N.J.
