(1) Finisar has not provided a reconciliation of its fourth quarter outlook for non-GAAP gross margin, non-GAAP operating margin and non-GAAP earnings per fully diluted share because estimates of all of the reconciling items cannot be provided without unreasonable efforts. It is difficult to reasonably provide a forward-looking estimate of certain reconciling items between such non-GAAP forward-looking measures and the comparable forward-looking GAAP measures. Certain factors that are materially significant to Finisar's ability to estimate these items are out of its control and/or cannot be reasonably predicted, including with respect to restructuring charges, litigation settlements and resolutions and related costs, and the timing of tax related adjustments. Accordingly, a reconciliation of such non-GAAP forward-looking measures to the comparable forward-looking GAAP measures are not available within a reasonable range of predictability.
